

INCREASING

YOUR BOTTOM LINE!

vicki suiter

Worried about how the economy will affect your business?

Want to know how to not only survive, but thrive in spite of it?

In these turbulent economic times, many companies are wondering:

- Will we be able to maintain profits?
- Is it inevitable that we will lose money in the coming year?

Over the past eighteen years Vicki Suiter, of Suiter Financial Systems, has helped hundreds of companies implement strategies and practices that have resulted in stronger profits and cash flows, allowing them to weather downturns in the economy.

By implementing Suiter's proven strategies, any company can grow, thrive, and be profitable this year and for years to come....regardless of economic conditions. Vicki Suiter will demonstrate how to accomplish this!

Vicki is a dynamic and energetic speaker with a straightforward style. She offers practical methods that are easy to grasp and can be used immediately. Her talent is being able to take a complex situation, crystallize the problem/solution, communicate it in an understandable way and recommend the simple steps that can make a big difference. Audiences and clients walk away from Suiter's trainings feeling more confident and skilled at taking their businesses to the next level.

For over eighteen years, Vicki has been helping companies realize an appreciable increase in their profitability and cash flows. Her presentations and training programs reveal practical and useful tools to implement simple systems that produce consistent and sustainable results.

WHAT CLIENTS ARE SAYING

"When our company was not meeting its revenue potential and we didn't know why, we turned to Vicki Suiter of Suiter Financial Systems. She really helped us get on track for meeting our goals and to increase income and net profits."

**Glenn David Mathews,
principal & founder of ARG
Conservation Services**

"Vicki is the finest listener I've ever met. She facilitates communication among all people to move issues through. She was a major contributor in our profits increasing 2-to-3 times."

**Phil Murphy, President
GNU Group
Lafayette, California**

"Vicki's command of business essentials is deep, as well as broad. She has the 360 degree view while simultaneously keeping a pulse on the details that can make a huge difference in a small to mid-sized business."

**Ed Westbrook, CEO
QuarryHouse, Inc.
San Anselmo, California**

A FEW OF VICKI'S POWERFUL PROGRAMS

How to Always Make a Profit

Learn how to generate consistent profits in any economic climate!

In this workshop participants learn tried and true systems they can use to start affecting their bottom line right away. In this interactive and dynamic presentation participants will ...

- Find out what REALLY drives profits and how to get control of it.
- Discover how to boost sales to meet revenue targets.
- Get clear on actions that will have the bottom line match your goals.

What is The Story Your Numbers Tell?

Avoid financial surprises and gain control of your business' financial future!

The current collapse of some of this country's major corporations has taught us one thing - *you better pay attention to what your numbers are telling you!* The financial reports of a business tell everything about a company's strengths and weaknesses. In this interactive and dynamic presentation participants will learn...

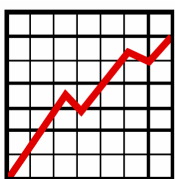

- Two critical elements that drive profits and ultimately strong cash flow.
- How to use "key indicators" to get their business on track and stay there.
- How to 'de-mystify' financial reports and really understand what they say
- What simple steps they can take *now* to start affecting a change in their business.

Where is the Money? Increase Cash Flow . . . NOW!

How to have cash when you need it – and NEVER be short again

One of the biggest challenges for growing companies is having cash when it is needed. In challenging economic times, cash flow becomes even more difficult as payments are sometimes slower in coming and worse yet if sales are declining. In this interactive and dynamic presentation participants will...

- Find out about primary causes for low cash flow and learn how to prevent them.
- Learn the top 5 ways to manage cash so they'll never be short again.
- Gain peace of mind about their company's money, today and in the future.
- Walk away with the key to increasing cash flow.
